Welcome to D&H Cattle Bred to Buck Fall Edition Sale,

As the bucking bull industry continues to grow and expand, the number of breeders continues to grow as well, and the females always prove to be the key element in any breeding program. Each fall we have offered an elite set of females right out of the heart of our replacements. The heifers are the mates to one of the most exciting set of yearling bulls we have ever produced. We strive to produce the best and by doing that we have bred to the most elite sires in the business. They are sired by proven producing bulls and the service sires have what it takes to produce the great ones. These females are the future and we are offering you a powerful group.

The bulls we are selling are just as special. Unfortunately, we don't have time to handle all the yearling bulls early in the year so several get pushed back and we are just now able to focus on these calves. One thing is for sure, there are some very exceptional ones in this offering. Study their pedigrees, watch the videos, and buy with confidence.

We appreciate everyone involved in the success of D&H Cattle today. A special thank you to our crew that makes everything happen each day at the ranch and on the road. We could not do it without you guys, you are the definitely the best!

This sale is loaded with quality, whether you are searching for the next great donor female or the next champion. If you have any questions about this offering or our program please don't hesitate to give us a call.

Thank you,
D&H Cattle
