# FALL FEMALE *sale*

SATURDAY,  
November 7th

6:00 p.m.  
Red River Livestock  
Overbrook, OK

## Welcome ...

Welcome to the D&H Cattle Company Fall Female Sale!

This year we brought this sale back home to Red River Livestock Auction at Overbrook, Oklahoma. It's a great facility and the location is close to the ranch.

If we have learned anything over the past 30 years in the bucking bull business, we have learned that the key to producing a great bull is the female behind them. We have identified the great cow families and built our program around them.

This Fall Female Sale features the top end of our bred heifers and those females are the freshest and most elite genetics our program has to offer. The bred heifers are herd mates to the exciting set of yearling bulls we sold this spring in our yearling bull sale, which averaged \$15,300. The young females are our future and we are offering you an opportunity to own our very best.

We bred the females in this sale to the same sires as we bred to those we are keeping. Some are bred to more proven sires and some will be bred to young bulls that we have confidence in their pedigree and performance.

To maintain a manageable number of cows, we must sell some females each year and we couldn't be more proud of the success our customers have had with Page genetics.

If you have any questions about this offering please feel free to give us a call.

Thank you for your interest,  
D&H Cattle
