Welcome to the D&H Cattle Fall Female Sale,

The Bucking Bull industry continues to move forward with new events and more opportunities. Each year the level of competition has continued to rise, and with that we have seen more value in the cow families that produce the elite athletes. We have studied the pedigrees for 30 plus years and it has been proven time and time again the great females are where the great bulls originate.

This fall sale offering includes a top cut of our replacement heifers and a top end set of bred cows. This is the best set of females with the most established genetics we have ever offered. It's difficult to let these females go, but this is our business and we always want to offer our best. We have worked diligently on our cow herd eliminating the females and cow families that don't consistently produce buckers. This group is exciting, and they are rich in proven genetics!

We are very proud of our customers' success and many of those success stories began with this Fall Female Sale. These females are young and our freshest genetics, so buy with confidence!

We have pride in D&H Cattle and have been very fortunate to make a living doing what we are passionate about. However, it takes a great crew to make it all happen on a daily basis, and we can't say thank you enough to the guys that make D&H Cattle operate.

This offering is loaded with quality females that are backed by generations of proven genetics. Study your catalog, research the pedigrees, and feel free to give us a call.

Thank You  
D&H Cattle

# SATURDAY, NOVEMBER 30, 2019

- 10:00 a.m. **D&H Open Yearling Futurity ... 100% Payback**
