BRED BUCK SALE

6:30 P.M. ON
FRIDAY, MAY 29, 2020

STEPHENS CO. EXPO CENTER
DUNCAN, OKLAHOMA

Welcome to the 2020 Bred to Buck Sale,

With all the changes going on in the world, one thing that remains the same is our focus of producing elite bucking bulls. For over 35 years, we have strived to produce the very best in the business. We know the competition gets better every year so we work to remain a leader in the industry. One thing we have proven is all the great bulls are backed by proven cow families. Our program takes great pride in our cows and we KNOW they are the key to our operation.

We sell 200 plus females each year between the Fall Female Sale and this Bred to Buck Female Sale, so we have our cow herd fine-tuned to only the most proven cow families. It is extremely hard to select females for this sale knowing that many of our very best cows will be leaving the program. However, we do take pride in the success our customers have with the Page genetics. There are so many great success stories from our customers, and we can't begin to tell them all.

2020 is a year we will never forget, our country has experienced changes and regulations that we have never seen throughout history. We will get through this, but we will have to make some adjustments along the way. We changed the format and location of this sale due to the COVID 19. We will be having a live auction with videos of the lots selling in Duncan, OK. The cattle will remain at the ranch in Dickson, OK. You will pick-up your purchases at the ranch. This will be different than past sales but there are several advantages as well. The cattle will not be stressed or injured by going through a sale ring, and it is breeding season so these females will be home getting bred.

It takes a small army to make everything happen at D&H Cattle Company. We are extremely blessed with a great crew and they are the key to our successful operation. Thanks to each and every one at the ranch and behind the scenes. You are the best and we truly appreciate all of you!

Do your homework, this catalog is stacked deep with elite females which are backed by proven cow families. Study each lot, watch cow/calf videos, and feel free to contact us with any questions.

Thank you for your interest,
D&H Cattle

- When you have the chance to own a young cow that is proving herself very quickly don't let it pass! This is the dam to one of our very best futurity bulls, 877F.
- 877F is quickly becoming a standout for the 2020 futurity season. He has all the tools, he gets off the ground, kicks through it and does it in the gate with intent! Not only that, his maternal sibling who is in our yearling program now shows all those same characteristics.
- D77 is sired by Surefire and out of -27Y, a Last Resort daughter we feel is as good of a cow as we have ever raised. It's no surprise to us to find her on the pedigrees of the rankest calves we buck each year. The chance to own one of her daughters sired by such a prolific maternal producer like Surefire is a great opportunity.
