AMERICAN  
*Yearling Bull Sale*  
HERITAGE

FRIDAY, JUNE 11, 2021

6:00 p.m. at the Stephens County Expo Center | Duncan, OK

Welcome to the 2021 D&H Heritage Yearling Bull Sale,

This sale has become one of our most exciting events of the year. It has a proven track record of producing World Champion yearlings, along with Futurity, Classic, and Bucking Bull of the Year contenders. We probably haven't given enough credit to the number of premier breeding bulls that come out of this sale. These bulls represent our freshest genetics and the future of our program.

We start with a large number of yearlings and sort them down to those which we believe are putting it together and will compete at the highest level of competition. We look forward to the future of this offering and working with their new owners.

The Bucking Bull industry is growing each year and there are more opportunities for these bulls to compete for larger payouts. All the bulls selling will be eligible for the 2022 D&H \$100,000 Incentive Futurity, and only the bulls sold at auction by D&H are eligible for this futurity.

We look forward to the American Heritage weekend every year, it is the highest level of competition in the country and a first-class event. We would like to thank the ABBI for allowing us to be a part of such a premier weekend in the bucking bull industry.

It takes a great team and countless hours to prepare and produce this sale. We have a great crew, and we couldn't do it without every single one of you, thank you!

Our catalog will not be mailed out this year. Our new format will allow you to view the catalog online with video links for each lot. We hope you enjoy this unique combination of viewing the lot information along with watching each video.

This offering is loaded with talent and future superstars! Study the catalog and watch the videos. Please contact us for more information or to ask questions. We will post sale order and the bulls that will be selling as 1/2 interest on sale day.

Thank You,  
D&H Cattle

- Two of our most persistent bulls with the most heart have been Bruiser and Tested. This calf shows our favorite traits from both of those super stars.
- H22 gets off the ground and means it when he comes left. He's up and down, light on his feet, and has a ton of athletic ability.

- The Long John out of 255-152 calves have been really good for us. They may not make futurity calves, but they will make bucking bulls!
- This is going to be a big, stout bull. He is automatic with the dummy but he will really show out later on.
- We have bred to a couple of these that are bred this same way and the results are special.

- 64H has a lot of action and is getting more and more impressive every trip. He has a ton of potential to be a big time futurity calf, and has enough size and ability to make a rank rider bull.

- The OK Brand calves are limited. We lost him way too soon and this set of calves by him are sure making that loss even harder!

- 05H is doing all the things that make Lifting Lives an elite sire. He leaps and kicks hard around to the right. He does all the things that get marked big at the futurities.
- His bottom side is pretty impressive. Hustler out of page 510/4, the dam to Long John. If you want to go play at the aged events and have something to breed to that will produce rank calves, don't let this one go.
