## FALL FEMALE SALE

Welcome to our 2022 Fall Bred to Buck Female Sale,

This sale offers as much opportunity as any we host all year. We struggle with selecting these females because they are truly the future of our program. We strive to offer a cross section of our very best genetics. With 40 plus years of precise selection, our cow herd is made up of proven cow families and these young females are the next generation. These females are bred to what we believe are the most elite bulls in the business. Many of these are young sires which we think are up and coming superstars that are all backed by proven cow families.

It is very gratifying to watch our genetics work for our customers, and many of those great success stories began with purchases made in this Fall Female Sale. There is not one female in this group that doesn't have a world champion or sire or dam of a World Champion in their pedigree. We have been blessed with multiple World Champions in the Futurities, Derbies, Classics, PBR, and PRCA. This offering has "power in the blood" buy with confidence!!

This year has certainly been a tough one, but we have survived, thanks to our great employees, family, and friends. Thank you for making it all happen!!

We invite you to enjoy a meal prior to the sale Saturday evening. If you are unable to attend, you can bid live online at [cci.live](http://cci.live). Study this catalog, research the pedigrees, and buy with confidence.

Thank you,  
D&H Cattle
